PROFILE

Dedicated Web Developer proficient in HTML, CSS, JavaScript, React.js, Node.js, and Express.js, with a proven track record of solving complex problems and delivering innovative solutions. Seeking to leverage my technical expertise and problem-solving skills to contribute effectively to a dynamic company and drive its success in the digital landscape. Known for my strong collaborative spirit and passion for staying up-to-date with industry trends, I am poised to enhance efficiency and foster growth within the team.

WORK EXPERIENCE

Projects

Recipe-Hub

1. Created a multi-page website using React.js and CSS with a user-friendly interface and seamless navigation.
2. Designed a fully responsive layout, ensuring optimal display and functionality on various devices and screen sizes.
3. Leveraged React Router for efficient page transitions and improved user experience.
4. Implemented modern UI/UX principles, resulting in an intuitive and visually appealing design.

College Website

1. Created a multi-page website using HTML and CSS Javascript with a user-friendly interface and seamless navigation.
2. Designed a fully responsive layout, ensuring optimal display and functionality on various devices and screen sizes.
3. All my notes available for my friends and juniors
4. Implemented modern UI/UX principles, resulting in an intuitive and visually appealing design.

Dice Game

1. Created an interactive Dice game using HTML, CSS, and JavaScript with an engaging user interface.
2. Ensured seamless responsiveness on all devices, allowing enjoyable gameplay on smartphones, tablets, and desktops.
3. Implemented cross-browser compatibility for consistent performance across different web browsers.
